

Lifetime Warranty

Ventech Industries, Inc. warrants the product provided to the purchaser to be free from defects in material under normal use and service when installed according to manufacturer's instructions provided the purchaser and any transferees pursuant to this warranty properly maintain the chimney. Such maintenance to include the installation of a chimney cap, or other approved termination, and an annual sweeping and evaluation of the chimney by a factory-trained Thermocrete® Installer or a Chimney Safety Institute of America (CSIA) certified chimney sweep.

This warranty will cease to exist and no longer apply if the original chimney substrate is disturbed or damaged in any way and we will not be responsible for damage caused by misuse of fuels or heating appliances, faulty connections into the chimney, or for damage caused by incorrect maintenance of the chimney. Consequential damages resulting from a sealant failure are not covered by this warranty, nor are damages due to failure of substrate.

For this warranty to apply, the customer must notify Ventech Industries, Inc. in writing of the claim under this warranty within seven (7) days of the fault becoming apparent. On being notified of the claim, Ventech Industries, Inc. or its representative shall inspect the product and if there is no defect shall charge the customer for the time and expense involved. Notwithstanding any of the above, total liability under this warranty shall not exceed the total price of materials purchased, and is subject to full payment of the invoice within the time specified. Statutory rights unaffected.
